Subject: CenCal Team Spearfishing Meet September 21 Fort Ross/ Camp Ocean cove

Norcal Skin Divers will be hosting a CENCAL Team meet.

Norcal will help shuttle divers from the Fort Ross Parking lot to and from the beach launch. We may also be able to group up for those who will be camping at Ocean Cove.

We will have some light snacks at the beach and a proper cookout/potluck at Ocean Cove and Norcal will have the meat and some sides back at the campground.

We would prefer to check in after the dive at Fort Ross but do the weigh-in at Ocean Cove to keep the park rangers off our backs.

We were going to reserve a group site but unless we get a lot of interest we will camp on our own. I will be up either Thursday or Friday and can hold some spots with your commitment.

Please spread the word as Fort Ross has been putting out some big Vermillions the last couple of years and has had light spearfishing pressure since it was closed for Abalone many years ago.

My # 707-315-0950

David Clutts Event Divemaster/NorCal Skindivers
